## — REMIA SAUCES FOR THE REAL BBQ FAN! —

Remia is proud to announce Remia American BBQ Sauce in a unique 450 ml PET-bottle. If you think of American culture you automatically think of BBQ's. Everyone can recognise the image of a typical all-American family, sitting in their front yard, enjoying an extravagant selection of meats. The man of the house, fully equipped with BBQ utensils, stands behind a massive kettle grill. Sizzling away on the barbecue are XL-hamburgers, long racks of spareribs and thick T-bone steaks.

With Remia's new American BBQ/Grill Sauce you can now enjoy the authentic American BBQ taste. Remia has introduced no fewer than five outstanding flavours offered in a 450ml PET-bottle with a convenient large opening. The bottle has a robust design but is comfortable to hold. For the production of the bottles 25% recycled PET is used. The large opening allows for easy distribution of sauce across any piece of meat.
